Balaji Babasaheb Wadhekar

Pune, Maharashtra, India | +91 9322943634 | wadhekarbalaji56@gmail.com

Portfolio | GitHub | LinkedIn

Professional Summary

Computer Engineering student specializing in Artificial Intelligence, data analytics, and full-stack development. Experienced in developing scalable web applications, integrating APIs, and building real-world solutions. Passionate about building intelligent software systems and solving complex technical problems through data-driven approaches.

Technical Skills

Languages & Frameworks:

Python JavaScript C++ Java React.js Node.js Express.js

Databases & Cloud:

MongoDB MySQL Firebase

Tools:

Git GitHub Postman Figma VS Code

AI & APIs:

REST APIs OpenAI API

Experience

Student Developer & Team Lead 2025 – Present

MIT ADT University

- Led development teams building AI, web, and mobile applications.
- Mentored peers on full-stack development and project architecture.
- Deployed working prototypes used by over 100 students across campus.

Projects

College Grievance Redressal Portal

- Developed a full-stack portal for student grievance management.
- Backend built using Node.js, Express.js, and MongoDB.
- Implemented secure authentication and real-time admin tracking.

Smart Image Uploader

- Created a drag-and-drop file uploader with image compression and format conversion.
- Built using React and Firebase for efficient file storage and real-time upload tracking.

Movie Discovery Hub

- Developed a movie discovery platform powered by TMDB API.
- Implemented advanced search, bookmarking, and optimized API requests.

Education

Bachelor of Computer Engineering (Ongoing)

MIT ADT University, Pune

Expected graduation: 2028

Diploma in Computer Science & Engineering
Government Polytechnic College, Jalna

Graduated with 87.49%

Achievements

- Technical Team Lead – Innovation & Entrepreneurship Club, MIT ADT University.
- Built and showcased 10+ software projects at university innovation events and technical fairs.

Certifications

- Additional coursework in Artificial Intelligence, Machine Learning, and Web Development
